Chapter 36-16. Electricians and Electrical Contractors (Refs & Annos)

SDCL § 36-16-1

36-16-1. License required to engage in electrical contracting--  
Purpose of regulation--Noncompliance as misdemeanor

**Currentness**

Any person, firm, partnership, limited liability company, or corporation engaged, or offering to engage, in business as an electrical contractor as defined in [§ 36-16-2](#) or any person performing the work as defined in this chapter, shall obtain a license from the State Electrical Commission before any person may undertake and perform such work to the end that any such work will be safely and properly installed in accordance with approved standards for such work. It is a Class 2 misdemeanor for any person, firm, partnership, limited liability company, or corporation to engage in such business or such work unless the provisions of this chapter are complied with.

Terms used in this chapter mean:

- (1) "Apprentice electrician," a person learning the trade under the supervision and employment of an electrical contractor, journeyman electrician or Class B electrician, or a person learning the trade under the supervision of a 501(d) electrician, or a person employed by a public entity or private corporation, firm or partnership who is learning the trade under the supervision of an electrical contractor or Class B electrician who is employed by the same public entity or private corporation, limited liability company, firm, or partnership;
- (2) "Class B electrician," a person having the necessary qualifications, training, technical knowledge and at least thirty-six months' experience in wiring, installing and repairing electrical apparatus and equipment in accordance with the standard rules established by the State Electrical Commission;
- (3) "Electrical contractor," a person having the necessary qualifications, training, experience, and technical knowledge to plan, lay out, and supervise the installation and repair of electrical wiring, apparatus, and equipment for electric light, heat and power in accordance with the standard rules governing such work; and who undertakes or offers to undertake with another to plan for, lay out, supervise and install or to make additions, alterations and repairs in the installation of such work;
- (4) "Electrical inspector," a person experienced in all classes of electrical work and either
  - (a) shall be a graduate of a recognized electrical school as approved by State Electrical Commission rules and shall have had a total of four years' experience, which may not include school experience, in electrical work, or
  - (b) shall have had at least six years of practical experience in electrical wiring.
- (5) "Journeyman electrician," a person having the necessary qualifications, training, technical knowledge and at least four years' experience in wiring, installing, and repairing electrical apparatus and equipment in accordance with the standard rules established by the State Electrical Commission;

- (6) "Maintenance electrician," a person working under a maintenance electrician's license of a public entity, firm, partnership, limited liability company, or corporation;
- (7) "501(d) electrician," a person having the necessary qualifications, training and technical knowledge in wiring, installing, and repairing electrical apparatus and equipment in accordance with the administrative rules promulgated by the State Electrical Commission. A 501(d) licensee is restricted to wiring on 501(d) properties within the State of South Dakota. 501(d) is the reference to the federal internal revenue code that provides the exemption for a religious or apostolic association or corporation.

**36-16-3. State Electrical Commission--Number and terms of members**

**Currentness**

The State Electrical Commission shall perform all functions exercised by the former State Electrical Board. The State Electrical Commission consists of seven members to be appointed by the Governor for a term of three years. No member may serve more than three consecutive full terms. However, appointment to fill an unexpired term is not considered a complete term for this purpose. Not all of the members shall be of the same political party. The Governor may stagger the terms to enable the commission to have different terms expire each year. Any member appointed to the commission prior to July 1, 2005, shall serve the four-year term to which the member was originally appointed. Any member appointed to the commission after July 1, 2005, shall serve a three-year term. One member shall represent an electric utility, one member shall be a licensed electrical contractor, one member shall be a licensed electrician with at least a journeyman level license and one member shall have fire safety expertise.

SDCL § 36-16-13

36-16-13. Application for license--Requirements and examination--Fees--Notice of certain occurrences

Effective: [See Text Amendments] to June 30, 2019

**Currentness**

Any person, partnership, company, corporation or association that for a fixed sum, price, fee, percentage or other consideration, undertakes or offers to undertake with another to plan, lay out, supervise, install, make additions, make alterations, or make repairs, in the installation of wiring, apparatus or equipment for electric lights, heat or power, shall apply to the State Electrical Commission for a license. A license shall be issued in the class specified in [§ 36-16-2](#) for which application has been made upon qualifying under this chapter and the rules of the commission and satisfactorily passing such examinations as shall be required by the commission.

The commission shall promulgate rules, pursuant to chapter 1-26, establishing fees for the examination and the application. The commission may charge, or may authorize a third party that administers the examination, to charge each participant an examination fee not to exceed one hundred fifty dollars per occurrence of examination or reexamination. The application fee may not exceed fifty dollars per occurrence.

Each holder of or applicant for a license under this chapter shall notify the commission in writing, within thirty days after its occurrence, of any issuance, denial, revocation, or suspension of a certificate, license, or permit by another state, change of address or employment, or any conviction of a felony.

**36-16-16. Persons exempt from license requirement**

**Currentness**

The following persons are not required to hold an electrician's license:

- (1) Employees of utilities engaged in the manufacture and distribution of electrical energy, when engaged in work directly pertaining to the manufacture and distribution of electrical energy or persons or companies when engaged in work pertaining directly to such services, if the work is designed, supervised, or installed by a person qualified in the work being done. This exemption shall terminate at the first point of service attachment, except for the installing or testing of electric meters and measuring devices and the maintenance of their service;
- (2) Employees of telephone, telegraph, radio and television communication services and pipelines or persons or companies when engaged in work pertaining directly to such services, if the work is designed, supervised or installed by a person qualified in the work being done;
- (3) Electrical work and equipment in mines, ships, railways, rolling stock or automotive equipment, and in packing plants supervised and regulated by the Department of Agriculture;
- (4) Replacement of lamps and connection of portable electrical devices to suitable receptacles which have been permanently installed;
- (5) Radio and appliance service repair departments;
- (6) Maintenance on oil burners and space heaters where installation of same has been effected by a Class B or journeyman electrician in accordance with this chapter;
- (7) Architects, designers, and engineers engaged in the planning and laying out of electrical work;
- (8) Employees of electrical utilities engaged in the installation and maintenance of utility street lighting, traffic signal devices or electric utility-owned security lights or persons or companies when engaged in work pertaining directly to such services, if the work is designed, supervised, or installed by a person qualified in the work being done; or
- (9) Employees of alarm and communications companies or services when wiring an alarm or communications system when the system is classified as power limited class 2 or class 3 signaling circuits, power limited fire

protective signaling circuits, class 2 or class 3 alarm circuits, or communications circuits or systems, as covered by articles 725, 760, 770, 800, 810, 820 of the National Electrical Code as it was approved by the American National Standards Institute and in effect on January 1, 1989, or persons or companies when engaged in work pertaining directly to such services, if the work is designed, supervised, or installed by a person qualified in the work being done.

The State Electrical Commission shall promulgate rules, pursuant to chapter 1-26, to establish and collect biennial fees for licenses. The class of electricians who may be licensed under this chapter, and biennial fees required to be paid for the license, may not exceed the following:

- (1) Electrical contractor: biennial license fee, one hundred dollars;
- (2) Journeyman electrician: biennial license fee, forty dollars;
- (3) Class B electrician: biennial license fee, forty dollars;
- (4) Electrical inspector: biennial license fee, forty dollars;
- (5) Inactive Class B electrician, inactive electrical contractor, inactive 501(d) electrician, or inactive journeyman electrician: biennial license fee, forty dollars;
- (6) Maintenance electrician: biennial license fee, forty dollars;
- (7) 501(d) electrician: biennial license fee, forty dollars.

Before a license is granted to any applicant and for the biennial renewal of such license the applicant shall pay to the treasurer the fee required for the class of license applied for.

**36-16-20. Undertaking and insurance required of contractor or Class B electrician--Initial and renewal deposit--Disbursement from fund--Waiver**

**Currentness**

Before receiving a license as an electrical contractor or as a Class B electrician, an applicant shall execute and deposit with the State Electrical Commission an undertaking in the sum of ten thousand dollars, and a public liability insurance policy in a sum of not less than one hundred thousand dollars per occurrence and three hundred thousand dollars aggregate limit for bodily injury and property damage insurance with limits of not less than twenty-five thousand dollars per occurrence or a combined single limit of three hundred thousand dollars, or security approved by the commission in a sum equal to that amount, conditioned for the faithful performance of all electrical work undertaken by the electrician and the strict compliance with all the provisions of this chapter and the requirements of the commission. The required undertaking and liability insurance shall be in force at all times with certificates of insurance on file in the commission office. No electrical contractor or Class B electrician licensed under the provisions of this chapter need furnish any additional undertaking for municipal license as such contractor or electrician. In the case of a partnership or corporation, the licensed person is exempt from insurance or undertaking requirements if the employer satisfies the requirements. In addition, a deposit shall be made with the commission in the amount of fifty dollars at the time of the execution of the undertaking and biennially at the time of renewal of the applicant's license. Deposits shall be accumulated by the commission in a special fund to be used for the correction or completion of installations which the contractor or Class B electrician refuses or is unable to correct or complete, for uncollectable inspection fees or administrative fees, administrative costs of maintaining the fund and costs of enforcing provisions of this section. Disbursement from the fund may not exceed ten thousand dollars per occurrence. The commission shall waive the deposit at the time of renewal of the license for electricians who have made an initial deposit under this section if at the time of renewal the fund exceeds fifty thousand dollars. The commission may prescribe forms for the undertaking and may promulgate rules in accordance with chapter 1-26 as necessary to carry out the intent of this section.
