Who Needs A Private Alarm License?

Any private alarm business, private alarm sales business or private first responder must have license(s) to operate in the city of Milwaukee.

A business must obtain a license for each service it provides. Example: If ABC, Inc. monitors and sells monitoring services, two licenses would be required: 1) Alarm Business License and 2) Alarm Sales License.

APPLICATIONS:

A separate application is required for each license.

LICENSE PERIOD:

Biennial (2-year period), expiring on December 31 in odd-numbered years regardless of the date of issuance.

LICENSE FEES:

\$300 for Private Alarm Business
\$300 for Private First Responder
\$450 for Private Alarm Sales

Forms Needed:

- Business Application ccl-bapp
- Private Alarm Business, Private Alarm Sales, Private First Responder Supplemental License Application ccl-pas1

WI Seller's Permit Not Required:

Private Alarm Businesses are exempt from the seller's permit requirement and, therefore, do not need to submit a copy of a permit with their application.

FINGERPRINTING: Required

EXEMPTIONS:

No license is required of:

1. Sellers of alarm systems from a fixed location who do not visit the site where the alarm system is to be installed.
2. Any person engaged solely in the business of designing the system for the location.
3. Any "in-house" private alarm business that does

not offer services to the public. Example: If a private alarm business has monitoring services within the same company, either at the same central location or different locations, and all the alarm users at different locations are also with the same company, a license is not needed.

ADDITIONAL LOCATIONS:

If a company has a licensed private alarm business for a central location and the same company has satellite offices that monitor private alarms, the satellite offices do not need separate private alarm business licenses.

PRIVATE FIRST RESPONDER SERVICE REQUIRED:

Alarm businesses which provide to alarm users alarm monitoring services for the receiving of burglary alarm messages are required to provide to alarm users a private first responder service that verifies, in the case of an activated burglary alarm, that an attempted or actual crime has occurred at the alarm site before the alarm signal is transmitted to the police department. These businesses must be licensed as a private first responder and individuals employed as first responders must have a state "Security Person" permit. Contact the State of Wisconsin – Department of Regulation and Licensing for Details, <http://drl.wi.gov/>.

INSTALLATION OF PRIVATE ALARM SYSTEMS:

All electrical installation contractors, including those installing low-voltage alarm systems, must be licensed by the Department of Neighborhood Services (DNS). Each private alarm system installation also requires a permit from DNS.

ALARM SALES:

▶ All alarm sales personnel must receive a minimum of 14 hours of training within the first 2 weeks of employment in sales activities.

▶ No person may engage in sales activities with any prospective alarm user prior to the completion of 14 hours of sales training except in the direct presence of registered sales personnel who has received a minimum 14 hours of sales.

► All alarm sales personnel engaged in sales activities directly and in person with members of the public must be registered with the City Clerk License Division within 10 days of employment and 10 days of termination. An electronic file certifying the employment and containing an accurate depiction of the photo-identification badge of the salesperson must be submitted to license@milwaukee.gov with the subject header listed as "Alarm Salesperson".

Registration is not required for individuals who engage in remote sales activities limited to telephonic or other electronic or remote medium of communication, and individuals engaged in activities limited to posting or distribution of brochures, placards, flyers or other written sales communication.

► All alarm sales personnel must display photo – Identification badges that include the name, name of alarms sales business and the name and phone number of the alarm business.

CONTRACTS:

► All contracts must be in writing and identify the services to be provided by the licensee. A copy of contracts proposed for alarm sale, installation, maintenance, monitoring, responder and any other alarm services shall be written in plain language with key points in bold or 10-point font.

► All contracts must be presented to prospective individual customers together with a pamphlet or other written information, prepared or approved by the city clerk that includes a statement of rights and responsibilities of alarm users.

► All contracts must be state that, after a city agency is notified of 2 false alarms within a calendar year, the alarm user is subject to municipal citation.

PROHIBITED SYSTEMS

► Automated Alarm Notification Prohibited. No person may use or operate, attempt to use or operate, or cause to be used or operated, or arrange, adjust, program or otherwise provide or install any alarm system that upon activation will initiate, transmit, or deliver an alarm notification to any city agency by automated means except for fire alarms.

► Panic Alarm Notification Prohibited. No person may initiate, transmit, or deliver an alarm notification in the nature of a panic alert, police alert, medical alert or disturbance alert to any city agency by automated means, electronic or telephonic means, or other miscellaneous signal or message as distinguished from burglary, robbery (hold-up) or fire alarms.

► Multiple Trip Sensor and Audio Sensor Notification Prohibited. No person may initiate, transmit, or deliver by automatic means, electronic or telephonic means, any request for service to any city agency based upon multiple trip sensors or audio sensors.
